

TMS FLOW

Product Story

Sales conversion system HawksFlow is the step-by-step process from initiation until the lead conversion into business/charity. We designed the system to adopt a marketing model defined and acted upon by the users.

Features

1. Marketing & Sales Model driven system, without the defined model system it will not perform.
2. Handy and on the go use both iOS and Android version.
3. Export data in excel, pdf format

Customization

The user need to define the marketing and sales model to setup the system then the system will be able use in operation level.

Technology

Based on the level of usage and purpose we have necessary resources to customize the back end using JAVA, dot NET, Ruby & PHP different frameworks; iOS, Android

Target Users

Highly sales and marketing driven small and big size B2B enterprises.

TeamSourcing Service

We can provide part-time, dedicated back office virtual assistant to support day-to-day activities e.g. maintenance, updates, repetitive tasks, programming, server maintenance and updates, web and E-marketing, sales database, research and report creation.
